

## The 2017 Tinker-Muse Prize for Science and Policy in Antarctica

The “Tinker-Muse Prize for Science and Policy in Antarctica” is a USD \$100,000 unrestricted award presented to an individual in the fields of Antarctic science and/or policy who has demonstrated potential for sustained and significant contributions that will enhance the understanding and/or preservation of Antarctica. The Prize is inspired by Martha T. Muse’s passion for Antarctica and is a legacy of the International Polar Year 2007-2008.

The prize-winner can be from any country and work in any field of Antarctic science and/or policy. The goal is to provide recognition of the important work being done by the individual and to call attention to the significance of understanding Antarctica in a time of change. A website with further details, including the process of nomination, closing date and selection of the Prize recipients, is available at

[www.museprize.org](http://www.museprize.org).

*The Prize is awarded by the Tinker Foundation and administered by the Scientific Committee on Antarctic Research (SCAR).*

**Nominations  
open until  
17 May 2017**
